Where are you today I know it's not to late,  
to make it, so just fake it for me.  
And anyone who says that I should just give it a rest,  
can shove it cause I'm above it, or at least,  
I like to believe,  
that it's all in my head.  
Yeah it's all in my head, woah oh oh oh oh.

Where was I today well I was worrying away,  
inhibition on a mission through my head.  
So I could take the other side of that roller coaster ride,  
like I don't need you, but I know I need you so instead,  
I just went back to bed,  
and hoped it's just all in my head.  
Yeah it's all in my head woah oh oh oh oh.  
And if I get to feeling like I'm not coming, you can sing  
me a song.  
And if I get to feeling like I'm doing this alone, you can  
sing me a song.  
And if I get to healing but I can't do it on my own, you  
can sing me a song.  
Oh and if you get to healing but can't do it on your own,  
I will sing you a song.

Where are we today turns out everythings ok,  
it's just the first time I've had nothing to say.  
So I've talked myself down and I won't mistake the  
ground for a fallthrough.  
Where are we today turns out everythings ok,  
it's just the first time I've had nothing to say.  
so I've talked myself down and I won't mistake the  
ground for a fallthrough,  
cause I love.  
Yeah I love you.
