Caught out of time  
Fallin' in love was our crime  
An' I always knew we wou-ou-ould  
Time went so slow  
Said you did but you don't know  
And I always knew you wou-ou-ould  
We kissed just last night  
Oh you said it felt ri-i-ight

I almost felt like cryin'  
I almost felt like cryin'

With just a glance  
And a smile made my heart dance  
And I always knew it wou-ou-ould  
Closer we grew  
Walked as one and not two  
And I always knew we wou-ou-ould  
As day turned to night  
We walked with the stars a-as light

I almost felt like cryin'  
I almost felt like cryin'

My heart stood still  
My emotion spilled  
It's just the way love feels  
I was holding back the tear-ears

As day turned to night  
We made love with the stars a-as light

I almost felt like cryin'  
I almost felt like cryin'  
I almost felt like cryin'  
Oh-oh, I almost felt like cryin'  
Oh-oh-oh, I almost felt like cryin'  
Oh-oh-yeah, I almost felt like cryin', yeah
