Riot on the streets
everywhere you turn
people being shot
buildings being burned
everywhere you turn
the anger inside burns
people ripping off
things they didn't earn

Chorus
Working class
im not working class

malitau cocktail
frat grenades too
AK47's
what are you gonna do
pick up a fucking brick
HUCK it at a store
jump in through the window
take off with whats not yours

Riot on the streets
Riot on the streets
Riot on the streets
of MURDERTOWN
