Out on the road

Late at night

The highway is so inviting

Since you said that we were through

I remember what you told me

I'm trying to drive away these blues

I can do a lot of things

But let me tell you girl

I can't make it by myself, in this great big world

The price I pay for loving you

Deep in my mind

I'm trying to fight

This lonely feeling that I face tonight

Never thought I would lose

I can't shake this awful feeling

I'll never stop loving you

I can do a lot fo things

But let me tell you girl

I can't make it by myself in this great big world

The price I pay for loving you

Do I love her anymore
Or is it loneliness that I feel
Do our hearts still beat as one
Or are we held together by the years
The price I pay for loving you
I'm goin' home
It's started rainin'
Got to find a phone, hope that she's waiting
Gonna say I've been a fool
Put my head back on my shoulder
Take a little time and see things through
I can do a lot fo things
But let me tell you girl
That I can't make it by myself in this great big world
Oh what a price I pay for loving you
The price I pay for loving you
There's a lot of things in this world
I've yet to learn
There's a whole lot of things
