I kick back and eat a mushroom cap
relax, and anticipate realities collapse
perhaps, I'll never leave this state of mind that I'm at
I find some cats chillin-straight spittin' some raps
I start trippin' at last
so I joined their freestylin'
you wouldn't believe the shit my mind was compilin'
my lyrics turned violent
my actions followed suit
I recommend silence or expect a dispute
mutha fuckaz confused by my altered attitude
so I battle fools, till I achieve complete gratitude
I'm an erratic dude, plus a weed addict too
you caused static while I was trippin' and your life
turned to ruins
I devise a way to infiltrate your fucking platoon
and thanks to the shrooms, I'll be chillin' on the moon
to bad I'm on the dark side feeling marooned
bumpin' natural born killers in my personal tomb
doom and animosity have caused so atrocities
like Socrates philosophies

I analyze your hypocracies

My lyrical velocity will conquer any fucking beat

fuck with me and get your ass drowned in the dead sea

REFRAIN: (TBD?) We're gonna do this here

And we're gonna do this right

I'm narrating chapter 3

so give me the fucking mic

I walk into a crowded room

resembling an Egyptian tomb

I tip the bottle of doom and soon my mind's consumed

the liquor blooms and conquers my brain waves

so I improvise with these wicked days

attacking conformists with stray bullets from a.k.'s

blazin' herb till I reach that purple haze stage

enraged, I write page after page

about my attempts to escape this cage

my pen exploding like a high caliber gauge gun

no one respects where I'm coming from

but I ain't done,

I master you bastards by attacking like a fascist

passive rappers are nothing but hip hop actors

after hearing your lyrics I'm filled with laughter

give me the mic, so I can recite an extended chapter

where I capture your soul and shred it like a blood
thirsty raptor

stick your reminiscence in the trash compactor

and watch you crumble like a cracker

snatch you out of your reality faster than a car jacker

I'm the new vanilla flavored rapper
