Well, cruisin' down on the inside lane  
Pick a chick on the corner of Main  
Radio plays a rockin' song  
Foot flat down, we're solid gone  
Big black Cadillac, big black Cadillac  
Mean-mean-mean bad machine  
Big black Cadillac

Waitin' for the lights to glow  
Up pulls a cat who wants to blow  
First and second, wave bye-bye  
Third and fourth, she wants to fly  
Big black Cadillac, big black Cadillac  
Mean-mean-mean bad machine  
Big black Cadillac

Well, cops just stare, it makes me freeze  
When I feel that cool-cool breeze  
Hold on tight man, she's real fast  
None other car that's in her class  
Big black Cadillac, big black Cadillac  
Mean-mean-mean bad machine  
Big black Cadillac

Well, cruisin' down on the inside lane  
Pick a chick on the corner of Main  
Radio plays a rockin' song  
Foot flat down, we're solid gone  
Big black Cadillac, big black Cadillac  
Mean-mean-mean bad machine  
Big black Cadillac  
Big black Cadillac  
Big black Cadillac
