i shove my penis into my sons anus it makes a crunchy sound, i made his asshole bleed when i gave him a super hard pound, his asshole bled like a teenagers period, hes got a anal period.

i gaped his anus like a elastic band, i shoved my head in there and went to poopy land, i want to play with his balls in the sand, and they make a bang.

his penis dangled like a hanging candy cane, i fucked him in his ass it was not easy to tame, his ass hole bled like a cherry aid waterfall, i got a feather and tickled his underaged balls.

i fucked him so hard in the ass that he starts to cry, i cut his head off and he will no longer cry,

i fuck him when rigor mortis sets in, his crunchy corpse is bleeding i throw it in the bin,

he cried hard as fuck so i murdered it, i shoved a axe in his anus and cut off his non existing tits.
