Put it all the way in, don't go half way

No need to play it safe, go get it all the way in

Shed off those old tattoos, stop reading yesterday's  
news

Put a match to the fuse, get it all the way in

Bury those bones in the sand, get hung for a sheep as  
a lamb

I'll still be your biggest fan

'Cos I'll believe, if you believe

Go on take your applause, until old Niagara Falls

'til it's too late to call

Get it all the way in
