Memories of a past life
Shining down upon her soul
Shattered dreams are on the ground
With desire to be whole
No ambition in her tears
No cure for her inner pain
Which was so safely kept inside
Now all former hope is slain
Exposed to feelings
That, until yet, remained unknown
And to the music of her soul
she dances alone
The room around her is a mess
She just wants to run away
But life keeps her on the ground
It seems that she's condemned to stay
She feels there is someone else
Loneliness, to hold her hand
Waiting till he can attack
cause she never can defend
Exposed to feelings

That she wished to stay unknown

Ant to the music of her soul

she dances alone

She dances alone

She cant read the signs to the dawn of a new life

Where light fades away all the stress

Where no one can touch her body or her spirit

Where she doesnt feel this depressed

No one dares to take her hand to lead her there

So her heart remains clad in stone

She sits in a corner and cannot get out of there

It seems that shes dancing alone

She dances alone
