Traditional - Adapted & Arranged by - Jim Croce

I know a fool who blows a horn

He comes from way down South, oh yeah

And you ain't seen some blowin' since you been born

Like when a trombone's to his mouth

He wails and moans, grunts and groans

He can moan just like a cow

And you ain't seen some blowin' since you been born

Cause he won't show them how

Chorus:

Oh Charlie won't you play that thing

I mean it's my trombone

Make it talk

Make it sing

I mean it's my trombone

If Gabriel knew how you could blow

He'd let you lead his band I know

Oh Charlie won't you play that thing

I mean it's my trombone

Chorus

Now you ain't seen such movin' hips

Like when the trombone do his licks

Charlie Green play that thing

I mean it's my trombone

Oh yeah, I mean it's my trombone
