Dreamin' Again -- Jim Croce

Don't you know I had a dream last night, that you were
here with me

Lyin' by my side so soft and warm

And we talked a while and shared a smile, then we
shared the dawn

But when I woke up, ah my dream, it was gone

Don't you know I had a dream last night, that you were
here with me

Lyin' by my side so soft and warm

And you said that you'd thought it over, you said that
you were comin'

home

But when I woke up, ah my dream, it was gone

I'm not the same, can you blame me

Is it hard to understand

I can't forget, you can't change me

I am not that kind of man

Don't you know I had a dream last night, and
everything was still

You were by my side so soft and warm

And I dreamed that we were lovers, in the lemon
scented rain

Oh when I woke up, oh I found it again

I had been dreamin', dreamin' again

I had been dreamin', dreamin' again
