Traditional - Revised & Arranged by - Jim Croce

Nobody loves a fat girl
But oh how a fat girl can love
Nobody seems to want me
I'm just a truck upon the highway of love

I'm all alone inside of my form
When ev'ry ounce of me is dyin' to keep somebody
warm
Nobody loves a fat girl
But oh how a fat girl can love

Nobody loves a fat girl
But oh how a fat girl can love
Nobody seems to want me
I'm just a truck upon the highway of love
The only game I can get the boys to play
Is to have them sit around and try to guess how much I
weigh
Nobody loves a fat girl
But oh how a fat girl can love, pretty mama
Oh how a fat girl can love
