Tell me, what do people do
When there ain't nothin' to do?
When there's nobody else around to do
Nothin' with or to
Have you ever been in that position in a small town
motel room
Where the diners all close at nine
And the trucks keep a rollin' by
And you just can't get to sleep
Even though there's nothin' on your mind?

Tell me what do people say
When there ain't nothin' to say?
When there's nobody else around to help you pass the
time of day
Have you ever stared at the ceiling
Till you thought you'd lose your mind
Looked for a wall that you could climb
Still you just can't get to sleep
Even tho' there's nothin' on your mind?

Have you ever been stuck in a small town motel
Lookin' all around but there ain't nothin' to see
In a never endin' mind bendin', troublin' position
Sayin' why did it happen to me?

Tell me, what do people do
When there ain't nothin' to do?
When there's nobody else around to do
Nothin' with or to
Have you ever been in that position in a small town
motel room
Where the diners all close at nine
And the trucks keep a rollin' by
And you just can't get to sleep
Even though there's nothin' on your mind?

Tell me, what do people do
When there ain't nothin' to do?
When there's nobody else around to do

Nothin' with or to
Hope you never in that position in a small town motel
room
Where the diners all close at nine
And the trucks keep a rollin' by
Till you just can't get to sleep
Even though there's nothin' on your mind?
