[Dresta talking]

Ay wassup?!

Haha

Y'all jump on in

It's my homeboy Crooked I

I'm Dresta Tha Gangsta kna mean?

We supposed to pick up my homeboy Eiht

I'm trying to hit him up right now to see what's
happenin'

[Verse 1: Dresta]

I know you love it, the most rugged MC's, out the gate

It's Dresta with them drunkest Crooked I and the Eiht

Oh Oh, 2 Compton niggaz known for freakin 'em right

Man, Crooked late at night got 3 and they tight

In the Bourbon, swervin' through Irvine trying catch Eiht

So we can hook him with the 3rd fine lady

Named Mercedes, got a body like a Maserati

Thinkin to myself, "I must be crazy! trying give away
this hottie!"

Then I glance at the passenger seat

Can't deny that this girl by my side was just too damn
fly

Too jeopardized, I just glanced at her eyes

And them caramel thighs make my main vain rise

Can't wait to re arrive at the 'tele

So I can lick them honey off that ring on her belly

For so' I glance in the mirror once mo'

Look, I gotta catch Eiht cause I know he gon' love this
hoe

[Chorus]

Real G's get lonely

We can have fun but bring some for the homie
(Black Pussy)

I only fuck with real niggaz only

We can have fun but bring some for the homie
(Sweet Black Pussy)

You know real G's get lonely

We can have fun but bring some for the homie
(Black Pussy)

and I know you fuck with real bitches only
we can have fun but bring some for the homie
(Sweet Black Pussy)

[Verse 2: MC Eiht]

I gives a damn how these hoes tryna floss these days
Cause they still kiss the nuts, fucks tramps and sluts
I still kill it, the way you want me, ride the pony
'Secrets' like Toni, members only
Dresta, I heard they turn in tricks for bucks
2 tricks get the dicks hard, ready to suck
Don't be havin me in suspense, but in the meanwhile
I be dippin up in the LB with C-Style
Back to the CPT, home bud and Tanquerina
Beatin' up the pussy like Ike beat up Tina
You know me, the gangsta love never wine and dine
Keep it tight, anytime I fuck it like Brian Mcknight
Lately the hype, I know it ain't right
3 a.m. I ring your phone every night
Let's Play House, (Let's Play...) no cat and mouse
Don't floant it, Eiht just give it How You Want It
But in the end don't press your luck
Because ain't no bitch like the bitch that Fucked!

[Chorus]

Real G's get lonely
We can have fun but bring some for the homie
(Black Pussy)
I only fuck with real niggaz only
We can have fun but bring some for the homie
(Sweet Black Pussy)
and I know you fuck with real bitches only
we can have fun but bring some for the homie
(Black Pussy)

[Verse 3: Crooked I]

Fuck the bullshit, the pimps at the pool pit
I know what you want chips but dick is all you get
I knock them skins out like always trained by custom
auto
Never givin' a bitch shit, that's a hustlers motto
Except sumptin' to swallow
Now your boyfriend wanna follow
Hit a nigga with a hollow tip and fuck the bitch
tomorrow
I can never be your simp, trick!
I'm slappin bitches with 9 inches, the limp dick
Plus a pimps dick
Dig short, small, diggin 'em large and tall
Y'all the bigger they are the harder they fall
I fuck 'em all!!

The hoe philosopher, broke, dope and popular
Still strokin' tho goin deeper than Oceanographers
I got your 'bra, gettin ready for the pony ride
DoggyStyle, so I can hit the backside!
Grab the head pump that ass in the air
What did you know?
The hoe hollered "how ya do dat there?!"

[Chorus]

Real G's get lonely
We can have fun but bring some for the homies
(Black Pussy)
I only fuck with real niggaz only
We can have fun but bring some for the homie
(Sweet Black Pussy)
Real G's get lonely
We can have fun but bring some for the homie
(Black Pussy)
I know you fuck with real bitches only
we can have fun but bring some for the homie
(Sweet Black Pussy)
You know the real G's get lonely
we can have fun but bring some for the homie
(Black Pussy)
I only fuck with real niggaz only
we can have fun but bring some for the homie
(Sweet Black Pussy)
the real G's get lonely
we can have fun but bring some for the homie
(Black Pussy)
I know you fuck the real bitches only
we can have fun but bring some for the homie (for the
homie)
(Sweet Black Pussy)

Sweet Black Pussy... Pussy
