[Sampled Woman]

Make the bubbles on the glass of champagne

[Chorus: Baghdad]

Champagne, follow me

Set them hot ass hoochies friend

Bump in here without no beer

Strip down to ya underwear

Champagne, how ya wit me

Party, get lovely

Pop ya cork, straight support

Can't woke up, BK, New York

[Baghdad]

Fill my cup, we drinks it up

Chardanay, to the wins, throw it up

By the fifth-fifties, Porgy picks it up

Dance nigga didn't rob me up, feel my burner next to
my nuts

How to sneak that in when it was broken

I told the bouncer it was used for strokin'

And he let me in, a chug-a-lug thug from Geriga

Order champagne, can't buy me love

Just Cali's and the Moet drown in the clutch

All in the ass like a rubber glove

Let ya ice wink to the champagne thing, fresh wine

sellers spend much cream

Let's get this hoochie's staid, and make that coochie
thing

[Chorus: Hell Razah]

Champagne, by the bar

Shorties wanna drive my car

If it's a party up in here

Shorties shake ya derriere

Champagne by the sea

Shorty better follow me

In the back of the club in the +Champagne Room+

Drinkin' up in V.I.P.

[Hell Razah]

Let the bottles pop, models watch
Might get hit in the head wit the top
That's why I'm hot, that's why you're not
No hustlin' on my money spot, wreckage movin' by the
stock
Trade my chain for a glock, let me hear them bottles
pop
That Taffy Jay, that Pieron, shorty said "I'm very long"
Rockin' the red cranberry thong
Why a G, a GG, that champagne ain't not' to me
Crush grapes, we ductape, niggas that front wit a thug
face
Niggas don't know how Crystal taste, til they get there
money straight
Move these flows, move these hoes, Moet in the studio
At the show, get my dough, find me where them
groupie go
Champagne, by the bar, give me head up in the car
Sean John to Andre, Victoria Secret lingerie
Shorty so thick I wanna palm her legs, bust my jam like
marmalade
Train tickets I got for days, drink tiggets I got for days

[Hook 2X: Hell Razah & Baghdad]

Champagne, follow me, to the bottom of the sea
While you there, wash ya hair, and ya dirty underwear

[Sampled Woman]

Make the bubbles on the glass of champagne
