by Paul Brady)

I'm sitting in here inside the

Strangest place

And nme is racing by

L've been way out here for a month or more

Tonight I'm wondering why

You try to understand the things

That I feel

Maybe this time I'll find a way to

Explain it

And there was a dream

Deep inside my head

It only seemed like it's breaking the thread

That holds me to you

Still you have never wanted to

Change me

But darlin' I know

Though we're far apart

The signal is strong

This helpless heart will always

Belong to you

Only to you

No one but you

This power takes me from the place I belong

To where only the strong get through

You've got to

Keep on believing or you'll lose your way

It slips right out on you

Though there are days the light can

Flicker or fade

Here in this place tonight a fire is burning

'Cause there was a dream

Deep inside my head

It only seemed like it's breaking the thread

That holds me to you

Still you have never wanted to

Change me

But believe me I know

Though we're far apart

The signal is strong

This helpless heart will always

Belong to you

Always belong to you

Only to you

Only to you

No one but you
