Blue morning, blue morning

Wrapped on strands of fist and bone

Curiosity, Kitten, doesn't mean your on your own

You can look outside your window

He doesn't have to know

We can talk a while Baby

We can take it nice and slow

CHORUS

All your life, is such a shame, shame, shame

All your love, is just a dream, dream, dream

Well

Are you happy when you're sleeping?

Does he keep you safe and warm?

Does he tell you when you're sorry?

Does he tell you when you're wrong?

Well, I've been watching you for hours

It's been years since we were born

We were perfect when we started

I've been wondering where we've gone

CHORUS

Well, I dreamt I saw you walkin'

Up a hillside in the sun
Casting shadows on the winter sky
As you stood there counting crows
One for sorrow, two for joy
three for girls, and four for boys
five for silver, six for gold
seven for the secret never to be told
There's a bird that nests inside you
sleeping underneath your skin
yeh, When you open up your wings to speak
I wish you'd let me in

CHORUS

open up your eyes
you can see the flames, flames, flames
of your wasted life
you should be asha-a-amed
And you don't want to waste your life, Baby
And you don't wanna waste your life. now, Darlin'
You don't wanna waste your life, Baby
You don't wanna waste your life, now, Darlin'
And, You don't wanna waste your life Baby
I said, You don't wanna waste your life now Darlin
You don't wanna waste your life now Baby
Ahh, you don't wanna waste your life now, Darlin
Change, change, change (3 times)

I walk along these hillsides in the summer 'neath the
sunshine

I am feathered by the moonlight fallin' down on me

I said I will walk along these hillsides in the summer
neath the moonlight

I am feathered by the moonlight falling down on me

I will walk along these hillsides in the summer neath the
sunshine

I am feathered by the moonlight fallin' down on me

Change change change (repeat to end)
