If anything  
it should have been  
a better thing  
From underneath you  
staring at the ceiling  
There's another world  
of chocolate bars and baseball cards  
That hides inside of all  
this tension that I'm feeling  
But It's all inside of you  
Yeah, it's all inside of you  
Surprise surprise  
I miss your hair, you miss my eyes  
And all this solitude  
is my confidence eroding  
So we slide inside of  
someone's mouth and someone's eyes  
Until there's a sound  
of something intimate exploding  
But it's all inside of you  
Yeah, it's all inside of you [3X] I wish that I was

anesthetized

and sterilized and then

we wouldn't have this evidence congealing

Surprise surprise,

another pair of lips and eyes

And that is the consequence

of actually feeling

It was all inside of you [4X
