| I am colorblind,                          |
|---|
| Coffee black and egg white.               |
| Pull me out from inside.                  |
| I am ready.                               |
| I am ready.                               |
| I am ready.                               |
| I am                                      |
| Taffy stuck, tongue tied,                 |
| Stuttered shook and uptight.              |
| Pull me out from inside.                  |
| I am ready.                               |
| I am ready.                               |
| I am ready.                               |
| I amfine.                                 |
| I am covered in skin.                     |
| No one gets to come in.                   |
| Pull me out from inside.                  |
| I am folded, and unfolded, and unfolding. |
| I am,                                     |
| colorblind,                               |
| Coffee black and egg white.               |

| Pull me out from inside. |
|--------------------------|
| I am ready.              |
| I am ready.              |
| I am ready.              |
| I amfine.                |
| I am fine.               |
| I am fine                |
|                          |
