waiting for the moon to come and light me up inside
and i am waiting for the telephone to tell me i'm alone
well, i heard you let somebody get their fingers into
you
it's getting cold in California
i guess i'll be leaving soon

daylight fading
come and waste another year
all the anger and the eloquence are bleeding into fear
moonlight creeping around the corners of our town
when we see the early signs that daylight's fading
we have just before its gone

she said "everybody loves you"
she says, "everybody cares"
but all the things i keep inside myself,
the vanish in the air
if you tell me that you'll wait for me
i'll say i wont be here
i want to say goodbye to you
goodbye to all my friends
goodbye to everyone i know

daylight fading
come and waste another year
all the anger and the eloquence are bleeding into fear
moonlight vreeeping around the corners of our lawn
when we see the early signs that daylight's fading
we leave just before it's gone
