A man in my shoes runs a liar, and all the papers lie  
tonight

that falling over you is the news of the day.

The angels fall like rain,

and your love is all of heaven away.

Inside you time moves and she don't fade,

The ghost in you, she don't fade.

The race is on I'm on your side, but hearing you my  
engines die,

I'm in the mood for you, for running away.

Oh the stars come down in you

And love, love, love, can't give it away

Inside you the time moves and she don't fade away

The ghost in you, she don't fade.

So don't you go, cause it makes no sense and all these  
talking supermen

just take away the time, just to get it away.

Ain't it just like the rain

Cause love, love, love, love, is only heaven away.

Inside you the time moves, and she don't fade

The ghost in you, she don't fade away.

Inside you the time moves, and she don't fade

The ghost in you, she don't fade away.

The man in my shoes runs a liar, and all the papers lie  
tonight

That falling over you is the news of the day.

And love, will not fade away.

And love, love, love, will not fade away
