When we make love

It's hard to tell

If your dreamin' of me

Or someone else

That drunken kiss

Seems like a lie

Don't say it's forever

And then say goodbye

Glitter

Don't ya leave me

Please believe me

I only want your love

Glitter you're my lover

I'll have no other girl

I only need your love

When mornin' comes and the

Sun shines bright

You gonna need someone

Someone to treat ya right

So don't walk out

When you wake up

Let's give it a chance girl

Let's give it a shot

Give it a shot now

Glitter, don't decieve me

Gotta believe me

Only need your love

Glitter, there's no other

You're beautiful

I only want you

This is fine for now, but

Maybe, let's make a baby

Inside of you

It's just the time,

We gotta find,

I want your name

On my tattoo

You blow my mind,

So tell me,

I wanna know

Glitter shines forever

Forever an' ever,

I only need your love

Glitter, lay your head down here

I'll always be so near

I only want your love

Here comes the

Here it comes

There goes the

There it goes

Here comes our love again

Through the window out

I only want your love

There goes the

There it goes

Here comes the

Here it comes

There goes our love again

Out the window
