When she calls me up

My voice it starts to shake

She says come right over

Over right away

Oh good God there's a fire

In my pants

Then lightening strikes and she

Laughs that evil laugh

(Chorus)

She's so sticky so sticky so sticky

She's so sticky so sticky

She's so stick sweet

Sticky sweet

Sticky sweet

Now when I've done good

She slaps me on the ass

It takes more than ten seconds

To satisfy this lass

The way she walks, I swear

Should be a crime

Sirens scream everytime

She walks by

(Chorus)

Sticky sweet

The way she walks

The way she talks

Stick sweet

Oooh all the time

Sticky sweet

(Solo)

(Chorus)

Sticky sweet

The way she walks

The way she talks

Sticky Sweet

Oooh all the time

Sticky sweet

Sticky sweet (Repeat with vocal adlib
