Romance her now dance her now and then

Show me how show me how again

Yeah

Cause baby when you whisper in my ear

Ooh I like it I like it

Tell me all the words I wanna hear

Ooh I like it I like it

You make me crawl to you

I say you make me crawl to you

Well I fall in not with any doubt

Till I give in cause I can't go without

You make me crawl to you again and again

Ya know you make me crawl to you

Ahh, I gotta know when I'm gettin' on

With you, with you oh yeah

Ahh, tell me what you want

Romance her now dance her now and then

Cause baby when I get you all alone

You like it, you like it

So show me how, show me how again

Cause you make me crawl to you

Ya know, You make me crawl to you, again and again
