"The Edge"

The edge of the moment the glory of the kill

Thirsting for excitement and hunger for the thrill

Screams around the corners

Sound like demons in the wind

Their voices pushing me to where I've never been

(Chorus)

A look at the cards and they just see the red

I say it's all in the head

Fear's a skin that you have to shed

If not you're better off dead

Time's on the edge

Means I'm on the edge of time...

Maybe no tomorrow I live my life today

Luck is my religion to the lady I will pray

I fear to see the black in every tinsel town

They an try and take my pride

But they can never take my crown

(Chorus)

Time's on the edge

Life's full of time

Life's in my head

Means I'm on the edge of time
