Ninety thousand screaming watts

Honey dripping from her pot

Fill the cup to the top tonight

The deadly sin is all we know

Pleasure victim who's next to fall

The question is will you please us all tonight?

Tonight tonight tonight

We need a lover tonight

We need a lover tonight

We need a lover tonight

We need a lover

Stand tall and ring the bell

The final stroke send you to hell

Take your body like a hammer and a nail

The taste of love, it might be yours

Slide down my knees, taste my sword

Can you feel the power inside tonight?

Tonight tonight tonight

We need a lover tonight

We need a lover tonight

We need a lover tonight

We need a lover

Tonight, we need a lover tonight

We need a lover tonight

We need a lover tonight

We need a lover

Tonight tonight
