Teenage had a race for the night time
Spent my cash on every high I could find
Wasted time in every school in L.A.
Getting loose, I didn't care what the kids say
We're white punks on dope
Mom & Dad moved to Hollywood
Hang myself when I get enough rope
Can't clean up, though I know I should
White punks on dope
White punks on dope
Other dudes are living in the ghetto
Born in Pacific Heights don't seem much betto
We're white punks on dope
Mom & Dad live in Hollywood
Hang myself when I get enough rope
Can't clean up, though I know I should
White punks on dope
White punks on dope
White...punks...dope
White punks on dope
I go crazy 'cause my folks are so fucking rich

Have to score when I get that rich white punk itch

Sounds real classy, living in a chateau

So lonely, all the other kids will never know

We're white punks on dope

Mom & Dad live in Holly-weird

Hang myself when I get enough rope

Can't clean up, though I know I should

White punks on dope, white punks on dope

White punks on dope, white punks on dope

White punks on dope, white punks on dope

White punks on dope, white punks on dope
