Performed by Skunk Anansie)

I've biding my time, been so subtly kind, I've got to so selfishly, 'cos u're the face inside of me.

I've biding my days, u see evidently it pays, I've been a friend, with unbiased views, then secretly lust after u.

So now he's gone rusty u're bored and bemused.

U wanna do someone else, so u should be by yourself, instead of here with me, so now u feel lusty.

Trying hard to think pure, bloody hard when I'm raw. u're talking out so sexually, 'bout boys and girls and your friggin' dreams. So now u feel lusty, u're hot and confused.

So how u've been busted, u're caught feeling used.

U had to do someone else, u shoulda been by your self, instead of here with me, secretly, secretly
