When summer ended we had to say goodbye  
Split by an ocean and a few thousand miles  
Do you, do you remember when  
Do you, do you, do you remember  
How it felt to be apart for so long  
And all those nights that we would talk on the phone  
Do you, do you remember then  
Do you, do you, do you remember

Stay with me I don't want any more of these distant  
nights  
Stay with me am I dreaming

We were all alone with no one around  
All our friends left us to enjoy this town  
Do you, do you remember when  
Do you, do you, do you remember  
How the sky sparkled as the moon lit the night  
Midnight bells chimed as diamonds danced and they  
shined  
Do you, do you, do you remember when  
Do you, do you, do you remember

Stay with me I can't take any more of these broken  
dreams  
Stay with me till I'm dreaming

Is this real or am I dreaming
