I can live  
I can love  
I can reach the heavens above  
I can right what is wrong  
I can sing just any song  
I can dance  
I can fly  
And touch the rainbow in the sky  
I can be your good friend  
I can love you until the end  
What took you so long to make me see  
How lucky I am cause I am free  
Free to do the things that I wanna do  
What took you so long to make me feel  
I can give love love so real  
What took you so long to let me know  
I can live  
I can love  
I can reach the heavens above  
I can right what is wrong  
I can sing just any song  
I can dance  
I can fly  
And touch the rainbow in the sky  
I can be your good friend  
I can love you until the end  
What took you so long to make me cry  
So I can know the reason why  
I'm so lucky I can smile  
I didn't know this for a while  
I can live  
I can love  
I can reach the heavens above  
I can right what is wrong  
I can sing just any song  
I can dance  
I can fly  
And touch the rainbow in the sky  
I can be your good friend  
I can love you until the end
