Bass guitar on my shoulder
Thinkin' about nothing more that
Punk rock playing in my head
I hope the show'll be glad

Walking on the street to come
Where my first show tonight starts
Songs order in my head
Must remember my plan

I'll do my best showing horns
I'll do my best jumpin' up
I'll say "fuck" all night long...
And I will be a punk rock star!

I'll do my best showing horns
I'll do my best jumpin' up
I'll say "fuck" all night long...
And I will be a punk rock star!

My two feet on the stage floor

First fever nobody in front
Punk rock playing in my head
I hope the show'll be glad

Half past ten few time to hope
Crowds of friends shouting for NOPE
Songs order in my head
Fuck off all what I planned

I'll do my best showing horns
I'll do my best jumpin' up
I'll say "fuck" all night long...
And I will be a punk rock star!

I'll do my best showing horns
I'll do my best jumpin' up
I'll say "fuck" all night long...
And I will be a punk rock star!
