Can't live without it,  
Don't want to live this diseased life anymore,  
No doubt about it,  
My life's an illness, and I know you have the cure.

And I'll give you anything you want,  
I'll live a life of lust and blood.

I wanna be ungodly and beast-like, Dr. X.,  
So fiendish, a tad pale fleshed, Dr. X.,  
Mutated and X-rated, Dr. X..

You know I pray to be another experiment,  
Gone oh so drastically wrong,  
Scream, he's so squeamish,  
Yeah, he's so hideous, but he gets the girl he wants.

And I'll give you anything you want,  
I'll live a life of lust and blood.

I wanna be ungodly and beast-like, Dr. X.,  
So freakish and green fleshed, Dr. X.,  
Mutated and B-rated, Dr. X..

I'll give you anything yo make me what I really want to  
be,  
I've sent you so many pieces of me,  
My lust, my heart, I've sent my decency,  
And now I'm left with nothing,  
I'm just a fucking shell,  
So now I feel so, so, so...

Ungodly, and beast-like, Dr. X.,  
So freakish and green fleshed, Dr. X.,  
Mutated and X-rated, Dr. X., Dr. X., Dr. X..
