"I Am The Mole Man"

I wanna be my own man,
Not backed by popular demand,
Be an outcast of society,
Be a victim of originality.

I'd only make myself sick.

I'm not a GAP kid,
And Pearl Jam make me simply sick,
Don't want to sleep with my best friend's girl,
Don't want to live in a 90210 world.

I'd only make myself sick.

I am the mole man,
Blind to the cool kid world that I live,
I am the deprived boy,
But to be like you I'd only make myself sick.
