Whoah,
It's beating faster,
Monster,
You stupid bastard.

Little love, love that love, damned corpse,
And you can use it just what it's for,
Feel it's pulse, a broken heart starts to beat,
You're making out with what used to be me.

Crack a smile and see what I've become,
Sit back and see what you've created,
Well, admit it, it was fun, it was fun,
My heart is broken and I'm fucking jaded.

A little pissed, and a bit too hot,
My heart beats cold, I think the pump is shot,
Transformed from what I used to be,
Little love, what's become of me?

And now, I'm alive, I'm alive,
Transformed straight from my death,
Change the pump and now his heart beats faster,
And I'm a monster, you stupid bastard.
