

45 Degree Woman "Dead Pilot"

Visit "[Dead Pilot](#)" on MotoLyrics.com

You wanna touch my Jesus
Then fly away full of love
You wanna feel like I do
Full of pain without hope
And I never dreamed about this
That we would be one in this world in this life

We are the ones without him
And we don't need nothing else
And you don't have to cry without me
We are together in this misery
In this misery

All that I ever wanted
Was to take you down and feel my God
And I wanna be in heaven without hate and full of joy
Promise is like a lie like nothing new
All the same like me and you

Cause we are the ones without him
And we don't need nothing else
And you don't have to cry without me
We are together in this miser
