Why don't you talk with me my child,
Can you tell me how are you
Do you feel fine my love,
Are you afraid, are you afraid like me

I cover you every day and night
I cover you make you feel alright
I try to be with you until I die,
I give you love so much I can
And I try to understand
Why I have to be a wicked man

Can you talk with me my child,
Can you give me one more smile
Do you feel fine my love,
Are you afraid, are you afraid

And I want to help you
And I want to heal you
And I want to feel you
And I want to love you
