[Chorus] [Intro] [Deacon] You know, I don't know if it's the ganja the Red Stripes or the Appleton Rum I've been drinkin' but um... [Verse One] [Deacon the Villain] Shorty She do the damn thing Fine as champagne Hot, and the way that she trot She only fan flames A +Super Freak+, but please don't call this man James If she put it on me, bet a nigga pull a hamstring The type of strange that makes you forget your name Amnesia to a player, she makes you forget your game Coach She got me caught up, like an alley oop I can ride at Sally's like a jockey but she got me spooked I'm feeling like a youth but To tell you the truth though I do wanna crush It's A little more than lust Trust I'm no Goodyear gimp But she got me stumped Lookin' Bubba Gump tryna Shrimp I was a pimp bitch Mixed with modern day Romeo But today my pimp look more like Polio Overdosed off of beauty got me comatose Shorty so blessed makes the Reverend catch a holy ghost [Chorus] [Verse Two] [Natti] The way her booty sway got me caught up in a daze Wish it was maze, I'd get lost in it for days Cause I be so amazed when it's jigglin' waves Her body so sweet, I bet she sweat glaze I'm long as three shoes when I'm staring at her boobs But I be swimming in a gaze and made my inner tubes They keep me so amused Like two new Rubik's Cubes Twins so perfect, so easy to confuse Her stare is therapy for me forgetting all my problems I'm victim to a vixen when swishin' in apple bottoms Switching my position, trying to sit where I can spot em Got em Right there in my line of view And then she caught me, but she smiled like she was so amused Then she spoke, "Your girl is right behind you fool." Snapped me out of it Kinda slapped me out of it Hypnotism is my prison, someone get me out of it [Chorus] [Verse Three] [PackFM] She said he name was Gwendolyn The only reason I remember it is cause it rhymes with pendulum And that's the way her hips were swayin' Otherwise, I can't recall a word her lips were sayin' Damn it y'all I'm mesmerize Her eyes they got me hypnotized She got me shaking my head But I ain't saying no Lookin' her up and down, but I ain't nodding yes, I'm saying,

"Woah" I see her mouth movin' I think my mouths open  
Hope I don't start droolin' Shit is in slow motion I gotta  
say somethin' "Uuhhh" Nice goin' Snap out of it player  
okay Time to focus "Did you just pinch yourself?"  
"Cause you're a dream come true" I grew an inch  
myself comin' up with things to do Oh shit she didn't  
slap me Imagine that Fuck it didn't happen I just  
imagined that Shit I blew it y'all Where'd she go? I can't  
believe it I hate to see her go But love to watch her  
leavin' [Chorus] Call me
