the aftermath strips me violently I try to break free  
the world did not learn through past demise as far as I  
see  
organized terrorism, one rhythm  
taken what was given livin harmless  
now say he struck first, I shall give him a chance  
every words untrue, done through by circumstance  
all that you need your personal greed  
I see you and you must

pay pay pay  
and for what you've done you will  
fall fall fall

so we disarm them, big brother involved throughout  
another  
malicious act to hide the facts. wanna keep your power  
opinion sour now tour the night sky  
determining which one will die  
now say he struck first, I shall give him a chance  
every words untrue, done through by circumstance  
all that you need your personal greed  
I see you and you must

pay pay pay  
and for what you've done you will  
fall fall fall

my feet are firm upon the floor  
feeling much stronger than I did before  
these scars were there you did not care

my feet are firm upon the floor  
feeling much stronger than I did before  
these scars were there you did not care  
careful you're not burned upon that cross you bear

the aftermath strips me violently I try to break free  
the world did not learn through past demise as far as I  
see  
organized terrorism, one rhythm  
taken what was given livin harmless

now say he struck first, I shall give him a chance

(repeat 2x)
