Time runs out as stress sets in confronted by this binge
While livin in sin as i fall will you catch me now or let
Me drop, i've hit rock bottom can't you make this stop
The mind gets twisted knocked down i feel gravity pull
Me belly full still the demon cries more, when is enough
Rough edges as broken glass now you let me fall

When i come down, and you see me fall
When i come down, you know that you shall rise
When i come down, i'll catch you on the other side
When i come down, i feel so useless

When i rise rebirth a second wind points me in the right
Direction we'll cross that intersection now an here
As my own perception now leads me astray
Take me away, as i think i feel it coming ready or not
Prepare yourself ofr your journey it concerns me now
Shall we all return,
And will it be the same as when we left this mess
The test of time will prove the loss of stimulation
No preparation could secure you now from
endangerment
Harm or carelessness in this world i shall persist
When i come down, and you see me fall
When i come down, you know that you shall rise
When i come down, i'll catch you on the other side
When i come down, i feel so useless

The other side altered ego my split personality now
I feel myself and yes i've fallen again i'm now
Drowning in the abyss that leaves me shattered so
Believe me when i say this souls for real

I feel caged now (i'm planted to the ground)
So useless now (i cannot be found)
When i come down (you know i shall return)
To watch it burn (through my own eyes)

I feel caged now (i'm planted to the ground)
So useless now (i cannot be found)
When i come down (you know i shall return)
To watch it burn (through my own eyes)

When i come down, and you see me fall
When i come down, you know that you shall rise
When i come down, i'll catch you on the other side
When i come down, i feel so useless
