I saw stars around your feet once
Little lights like fish you swim in
Took off your hat you turned your chin and
Time stood still on St.Marks Place

We walked up thru hills of time like
This and times like those we felt the
Heat of all the years
I filled my head and spilled my tears

In a long time
In a long time
In a long time I will see you

I saw time around your feet once
Little seas that blink and shimmer
Flowing on your coat of arms you

Made your mark you take your place

In a long time
In a long time
In a long time I will see you

In a long time
In a long time
In a long time I will see you

I saw stars around your feet once
Little lights like fish you swim in
Took off your hat you turned your chin and
Time stood still on St. Marks Place
We walked up thru hills of time like
This and times like those we felt the
Heat of all the years
I will see you
