Oh, the way oh
Oh, the way you are and
Oh, the way oh
Oh, the way you are and oh

Hey a so ro heyeh yaa
Oh, the way oh
Oh, the way you are and
Oh, the way oh
Oh, the way you are and oh

I like to look into your eyes where
Water's warm feels like home
Travel fast the seconds last
For days this haze I'm in

I'm only waiting for the one to be
Everything I want
Everything I need
I'm only waiting for the one for me
Oh to realize right in front of me

So put yourself

Oh, the way oh
Oh, the way you are and
Oh, the way oh
Oh, the way you are and oh [x2]

Put yourself
Put yourself in my place... [x12]

Put yourself (I like to look into your eyes now)
Put yourself in my place... [x8]
(Fires warm feels like more)

(Take refuge and the flames embrace me)
(Burning fast the seconds last)
(For days this haze I'm in)
(For days this haze I'm in)

Oh, the way oh

Oh, the way you are and
Oh, the way oh
Oh, the way you are and

Oh, the way oh(I'm only waiting for the one to be)
Oh, the way you are and
(Everything I want, Everything I need)
Oh, the way oh(I'm only waiting for the one for me)
Oh, the way you are and
(Oh to realize, Right in front of me)
