"Vandergraph Generator"

Sometimes I need a I could certainly use a
vandergraph generator
I just got up my hairs a mess party last night
Theres got to be an easy way to get my hair just right

Sometimes I need a I could certainly use a
vandergraph generator
Sometimes I need a I could certainly use a
vandergraph generator

Why don't you just leave me alone?
It's 3 o'clock and I've just got out of bed I ain't got time
to run a comb across my head

I can't forget it what people say to me I can't forget to
easily

I like it!
It's spikey!
It's the hair cut that suits me well but every morning
requires gel

Sometimes I need a I could certainly use a
vandergraph generator
Sometimes I need a I could certainly use a
vandergraph generator
