I don't fully remember keep breathing  
Put one foot in front of the other  
Just walk up enter conversation  
Explain how you feel on the inside

We're doing fine  
We're doing nothing  
It's not what you say to me  
The silence is deafening  
I wait for a wave  
I'll die for a smile  
I'll feel this so secretly  
I'm thinking impossibly

And heart don't give up  
Nerves don't desert me  
These words will betray what's in my mind  
If I had my way  
I'd never get this tongue tied  
I'd say the right thing at the right time

I'd use these words that are burned into my mind

And we're doing fine  
We're doing nothing  
It's not what you say to me  
The silence is deafening  
I wait for a wave  
I'll die for a smile  
I'll feel this so secretly  
I'm thinking impossibly

And we're doing fine  
We're doing nothing  
It's not what you say to me  
The silence is deafening  
I wait for a wave  
I'll die for a smile  
I'll feel this so secretly  
I'm thinking impossibly

So give me a sign

Show me I'm something  
But you'll take your cue to leave  
You're walking away from me
