This is unbearable.
Thirty two channels and nothing between us to say
This feeling is terrible.
Radio static just gets in the way.
I'll tell you again like I told you before.
I know that I'll just have to tell you once more
We should stop
Why don't you say that you don't understand what I'm
trying to say?

This love is just physical.
You look like you're dying to communicate
I will bring you down.
This time is the pinnacle.
For modelling loneliness
Lonely us
I will bring you down.

If I cut my finger, will I bleed?
Reaching out to anyone listening.
Should I even feel the need to breathe?

This love is just physical.
You look like you're dying to communicate
I will bring you down.
This time is the pinnacle.
For modelling loneliness
Lonely us
I will bring you down.
