VERSE ONE: Don't want to be a song unsung don't want  
to be a thought that's undone just another bell never  
rung don't want to be a song unsung VERSE TWO: Don't  
want to be a faded memory don't want to stop the flow  
that's from You to me just a failed attempt at a race not  
run don't want to be a song unsung VERSE THREE:  
Don't want to be a dreamer that never sees the promise  
come to pass in my life that You made to me a bird with  
wings that never flies a song unsung oh Lord You know  
that's just not right VERSE FOUR: Don't want be a story  
that's never told don't want to wonder what could have  
been when I'm old I want to show the world it can be  
done don't want to be another song unsung REPEAT  
VERSE TWO VERSE THREE
