VERSE ONE: I can see all the pain that's in your eyes / &
I know just how you feel / I have been right where you
are today / oh I know just how you feel / it's real / VERSE
TWO: But do you know it's not gonna last forever /
though I know you find that hard to see / It's all part of
this thing that we call life / but there is One who will set
you free / so free / CHORUS: It's in The Name of Jesus /
it's in His touch / it's in The Name of Jesus / & He loves
you so much / VERSE THREE: Well there's a light that
lives inside of you / & He calls to be alive / from Father
to the Son / To The Mighty Holy One / to know Our God
is to be alive / inside / CHORUS: BRIDGE: Well there's a
path / that seems so right / but in the end / it kills the
light / Jesus came for you & me / & if you'll hear / then
you will see / The Face of Jesus
