I've weathered their attacks,  
And my will remains intact.  
Although I bare the scars,  
I will not be broken.

And now I rise,  
Start my climb,  
Ascend beyond this place.

I'll take what's mine,  
And find my way,  
Ascend beyond this place.

Rise.  
Above.  
Rise.

I've so many fall,

And collapse before their time,  
In the tension of it all,  
I'll never be afraid to fight.

And now I rise,  
Start my climb,  
Ascend beyond this place.

I'll take what's mine,  
And find my way,  
Ascend beyond this place.

Rise.  
Above.  
Rise.
