Yaldabaoth is here  
Lost conforming with fear  
Ocean planet draws near  
Taste the lies in their tears, know

This old government folds  
Inside militant cold  
I hear the benedict stole  
Lies of the heretic bold

New realm we'll find here  
Discarding all our fear  
New realm we'll find here  
Discarding all our fear

Lies they say that we're lost  
I say I am the law  
Who takes on all the thrones  
Take what's mine it's my own, know

This old government folds

Inside militant cold  
I hear the benedict stole  
Lies of the heretic bold

New realm we'll find here  
Discarding all our fear  
New realm we'll find here  
Discarding all our fear

We're waiting on the other side,

And we choose not to look in the eyes of the son  
And we lose, our fears on the dark side of the moon  
And we stand in the grace of the light of the sun  
Renewed, set free and drawn back to the womb

No we can't, no we can not take much more  
We lay it down lay it down upon this sore  
I hear that the eyes are burned and all the arms are

chained  
Lay it down lay it down upon this sore  
I hear that the eyes are burned and all the arms are  
chained
