[Verse 1]

Geek, fag, stupid loser find a rope to hang
I'm not bipolar, see I'm just known by those couple names
I wanna tell my pops but shit, he'll probably say the same
Fuck...hated by everyone, that's the way it seems
I don't know what's shorter, his damn temper or my self esteem
I sit in my room and I listen to tunes, I'm amused alone
Cause none of the cool kids would let me join a team
Depression's on the stalk again
My best friend's an inhaler because it will not let me cough
Whenever I am losing oxygen, bully hand around my neck
Cause he felt disrespected when I decided to talk again
I brought that on myself, see I should know my place
But not at lunchtime, see
I know better then to show my face around them
But the day I do it'll be everywhere
When I share these feelings finally they gon' fucking care

[Hook]

Grab a couple friends, start a couple riots
Crash a couple-
Gather all the bullies, crush them motherfuckers
Odd Future hooligans causing up a ruckus
It's us, nigga
I said it's us, nigga

[Verse: 2]

Murder, murder, m-murder the last they heard of you
Was when I... "uh" with all them burners, you
Think that I'm some punk bully bitch who ain't gon' trouble you
Well, I'm gonna burst your bubble two times if you dont mind umm
"Who are you again?" I'm Sammy and that's Tyler
We came to get wild and style in these trench coats!
Don't start asking what's packing in these trench coat Just know if you start acting, I'm grabbing for
these trench coats!

My step-father called me a fag, I'll show him a fag
I'll light a fire up in his ass
And recently them assholes been fucking with me in class
So I'mma keep them motherfuckers there and make sure they pass, huh
My prom date, she disses my offer
So I'mma --- and toss her in the principles office
Oh, now you wanna conversate with me try to be my friend? (Yeah but my parents-) Don't worry,
you'll probably never see them again

[Hook]

[Bridge]

Bum bum bum bum bum
Bum bum bum bum bum
Bum. bum. bum. burumrumrumrum bum bum bum
Bum bum bumbumbum, hehe
We are the Sams, and we're dead -- it's just four of us
We come in peace, we mean no harm, and we're inglorious
We took their heads but we just took back what they took from us
I guess we lost ours

[Verse: 3]

Music had nothing to do with my final decision
I just really wanted somebody to come pay me attention
But nobody would listen, but stuffed animals that I had
Since I was a kid but I'm growing up so they're missing
I didn't mean to hurt anybody, I'm sorry
I wouldn't hurt a fly or consider joining the Army
I'm hardly ever angry, Roger Rabbit framed me
Momma I'm the same fucking kid that you made, see?
I don't wanna go to jail, I just wanna go home
And I want them fucking kids at school to just leave me alone
And I... I hear helicopters make a dip
I'm fucking reloaded -- I told you all that I ain't taking shit
You better back up before this Mac start to lift up
I'll pump it like my inhaler when asthma begin to act up
The difference between us and our class is tan khakis
I got 99 problems and all of them's being happy
