CHORUS

Whatever you need, whatever you want. I'll be right
here beside you, Baby
If you don't know how much I care for you just sit
back and let me sing to you
Ooh, Darling, you'll Forever Be Mine. I know that
everything will be fine
You're on my mind and I wanna know just what it
takes to see you smile

1ST VERSE

Somebody tell me how would I know if I'm in
love?
How could I know that you were the one? Girl, I
don't
I guess I'll never know for sure but I know that I
wanna be yours
I'm gonna keep you in my life. When I feel I'm
in the dark, Girl, you are my light
Sometimes we gone get mad. You know we gone fight
And then we're gonna make up and we'll be
alright. Alright
That's life and that's Love. Keep you from
lonely that's what it does
Something about you makes me wanna celebrate it
lift you up higher, Baby, I just wanna elevate it

CHORUS X1

2ND VERSE

Last night, as I fell asleep, I had a dream that I made a
promise that you and I would Forever Be
The kind of promise a man makes with a diamond ring.
I think it's time that this dream became reality
Oh, Lord! Can't believe what I'm doing! Head
spinning, like I'm under the influence!
Take my hand come with me to a place where
I'm your man. Nothing feels out of place
My life and your love keep me from lonely is what it
does
Something about you makes me wanna celebrate it

lift you up higher, Baby, I just wanna elevate it

CHORUS X1
